Percentage - 85.84

PROJECTS

BlockerX

A powerful iOS app that provides advanced porn blocking using VPN technology. In this project I majorly worked on SwiftUI, VPNTunnel, Restful APIs, Handling IAP and Subscriptions.

<https://apps.apple.com/us/app/blockerx-porn-blocker-ad-block/id1522854086>

Zenze

Zenze is an app that will help users to keep distractive apps away and limit phone time. The app is built using SwiftUI, UIKit, and leveraging Apple's ScreenTime APIs (Family Controls, Managed Settings, Device Activity)

<https://apps.apple.com/us/app/zenze-limit-phone-time/id6447419790>

BlockerX Lite

BlockerX Lite is an app that will help users to keep explicit content away and block apps and websites time. The app is built using SwiftUI, UIKit, and leveraging Apple's ScreenTime APIs (Family Controls, Managed Settings, Device Activity)

<https://apps.apple.com/us/app/blockerx-lite-block-apps/id6462085247>

Healify

Healify is a powerful iOS app created to assist individuals who want to stop drinking alcohol built using SwiftUI, UIKit. Healify has all the features you need to achieve your goals. If you need to stop drinking, the app provides a range of tools to help you with your drinking cessation journey.
